Masterfreshmen Faculty of Engineering
Summer semester 2026

University of Freiburg

Freshmen letter

Dear Masterstudent,

welcome to the Faculty of Engineering at the University of Freiburg. We, the student council of the Faculty of Engineering, would like to use this letter to introduce ourselves.

What is the 'student council' (German: 'Fachschaft')?

We are students of Computer Science, Microsystems Engineering, Embedded Systems Engineering, and Sustainable Systems Engineering, just as you are now! We represent the interests of students in different university committees, organize various events for the students, and are generally here to help you with any questions you might have concerning your studies. Aiming to make your uni-life a little bit more pleasant.

Our weekly meetings on mondays are open to anyone. If you are interested in what is happening behind the scenes of the university, enjoy organizing events (like parties, barbecues, board game evenings, etc.), are just interested in supporting your peers, or want to contribute in other ways, you are very welcome to join us.

Communication

You can join our Masterfreshman group chat, in case you're interested to form contacts among each other and with some of us. We also have an Instagram account - @fachschaft.tf - that we use both to share relevant information for all students and to promote the events we organize for you.

Please do not hesitate to ask us for help. While we may not be able to help you directly, we will always be able to at least point you in the right direction. **If you have any questions concerning events, your studies, or anything else, feel free to email us at: fs@fachschaft.tf**

Freshmen events 2026

Here's an overview of the complete (tentative) program for master freshmen students this year. You can also find more information on our website.

Many events do not require registration. If they do, you'll find more detailed information on our website. We also list all our events in the myUFR app. There you'll find general information for incoming students.

These dates may still change! You can always find the current dates on fachschaft.tf and in the **myUFR** app.

We wish you a good start in Freiburg and welcome you to the Faculty of Engineering. Hopefully, we'll see you all around.

Best regards

Felix Dehon

for the student council
